KEY PROJECTS

IMAGE STEGANOGRAPHY ON ANDROID   (Sep 2023 - Dec 2023)
(**Techstack**: Java, Android SDK)
- Developed an Android application implementing image steganography to securely hide and extract text within images, enhancing data privacy.
- The application provides a user-friendly interface for seamless integration.
- Users can embed confidential information within images and later retrieve it, ensuring the data remains concealed from unauthorised access.

MYNTRA DATA ANALYSIS   (June 2023 - Aug 2023)
(**Techstack:** Python, pandas, Visualization Tools)
- Conducted data analysis on Myntra's sales data to identify trends, optimise marketing strategies, and improve customer segmentation.
- Leveraged Python and pandas for data manipulation and analysis, and utilised visualisation tools to present actionable insights.
- The analysis helped in driving business growth by informing strategic decisions and improving targeting efforts.

SPACE-BOOKING WEB FOR CARGO-CONTAINERS   (Feb 2023 - May 2023)
(**Techstack**: React, Node, Express, MongoDB)
